I have been a Palm Harbor Fire Commissioner for eleven years (in my third elected term). I have attended every FASD seminar and Annual Conference and have been involved and supportive of the mission of the FASD. My involvement with local state elected officials in supporting specifically fire district issues in particular and other general issues affecting the FASD has been ongoing since my election to the Palm Harbor Fire Commission. I feel that i may bring to the FASD Board of Directors a unique perspective, based on my educational, professional, and teaching qualifications and experience.
