

Biographical notes for KEVIN MAYO

Kevin Mayo is the owner and lead software developer of FlipsideGeo, a consulting firm that provides Geographic Information Systems (GIS) services to both public and private sector organizations. Kevin is also a contractor for Spatial Technologies, Inc., where he develops applications for communication networks on US Air Force installations around the world. From 2006-2008, Kevin served in the role of GIS Coordinator for the Northern Palm Beach County Improvement District in Palm Beach Gardens, Florida. Kevin continues to support Northern's GIS program as a contractor through Panda Consulting, Inc.

Kevin has over ten years of professional experience in the GIS field. He started out as an intern for the Palm Beach County Planning Department doing field work and data entry in 1998. Over the following decade, Kevin's career path led him into the specialty fields of GIS Implementation Planning and GIS Application Development. Most of his work experience was focused on providing enterprise-level solutions, including custom mapping applications, to public utilities in Florida. Kevin's expertise in these areas enabled him to form his own company, FlipsideGeo, in 2007.

Kevin is formally trained as a geographer. He earned two degrees in geography including a Master of Arts from Florida Atlantic University in 1998 and a Bachelor of Science from Old Dominion University in 1995. Raised in Norfolk, Virginia, Kevin now lives with his wife and son in St. Augustine Beach, Florida.
