

Antoinette “Toni” Leake, District Manager

Antoinette “Toni” Leake has been the District Manager for Lake St. Charles Community Development District since August 2005. She has her undergraduate degree in Accounting and a Masters of Business Administration, both from Arizona State University. She received her FASD CDM in 2008. Prior to doing district management work, Toni had over twenty years experience in Information Technology, having worked for several Fortune Five Hundred companies in California and the Kansas City, Missouri area. She has also worked as a private consultant.

Toni has taught computer classes for community colleges in California and Kansas. For the past five years, she has worked for the Lake St. Charles Community Development District, having involvement in all aspects of district management including budgeting and financial reporting, human resources and personnel, state and local filings, public records custodianship and bond dissemination.
