

Robert W. Lawson, P.E.
BSCE 72
FL Registration No. 26640
Ohio Registration No. 42116

Mr. Lawson has over 38 years of design and management experience in the field of civil engineering. Mr. Lawson graduated from The Ohio State University and started his career in Ohio before relocating to Florida in 1978. He was a co-founder and one of the principal owners of a 135 person multi-office consulting firm for 22 years prior to merging with ARCADIS in 2003.

He has been responsible for the preparation of construction plans, contract documents, bid administration and construction management for numerous land development, utility, and highway projects in Broward, Palm Beach, Martin, St. Lucie, and Brevard Counties. He has prepared and supervised stormwater drainage studies as well as drainage improvement plans for numerous Community Development Districts.

Mr. Lawson currently serves as District Engineer for several Community Development and Special Districts in Palm Beach and St Lucie County along with his duties as a department head for ARCADIS in the West Palm Beach office. Mr. Lawson is skilled in the preparation of Capital Improvement Plans and Engineering Reports necessary to secure bond funding for capital improvement projects, as well as providing professional representation at the many Boards he represents.

Bob and his wife Terri live in Lake Worth, Florida and have two grown daughters, both graduates of the University of Florida, who have embarked on their careers in the fields of finance and nursing.
